PERS Health Insurance Program

RHIPA (State of Oregon Non-Medicare) Subsidy

The Oregon Legislature has established the Retiree Health Insurance Premium Account (RHIPA) which pays a monthly contribution toward the cost for health care coverage for some state of Oregon retirees who are not eligible for Medicare. The following describes the eligibility requirements for an “eligible retired state employee” participating in a PERS-sponsored health insurance plan. An “eligible retired state employee” shall include the following:

1. A retiree who was a state employee at the time of retirement and who is not eligible for Medicare, and who:
 - a. Is receiving a PERS service or disability retirement allowance or benefit, and had eight or more years of qualifying service at the time of retirement, or
 - b. Is receiving a PERS disability retirement allowance computed as if the member had eight or more years of creditable service, and has attained the earliest service retirement age. Earliest Retirement Age means:
 1. Age 55 for members other than police officer and fire-fighter.
 2. Age 50 for police office and fire-fighter members.
 3. All members with 30 years of service regardless of age.
2. A surviving spouse or dependent of a deceased “eligible retired state employee” as described in section 1 of this rule, who is not eligible for Medicare, and who:
 - a. Is receiving a retirement allowance or benefits from PERS, or
 - b. Was covered under a PERS-sponsored health insurance plan at the time of the retiree’s death and the eligible retired state employee retired on or after September 29, 1991
